### 3.2 Entry of teams (s. item. 17 of the regulation)

A team consists of 3 to 4 vehicles.

To make this challenge more interesting we continue with the modus introduced in some years ago. This modus gave a better chance to not professional drivers.

Points of the overall standing will be multiplied with a „handicap-factor“ for drivers placed 1 to 20:

- o Over all place 1 to 10 factor 3,0
- o Over all place 11 to 20 factor 2,0

After multiplication with the a.m. factors the 3 members of a team with the lowest points will be taken for the evaluation of team results. Winner is he team with the lowest points.

**Entries for teams will be accepted at the administrative checks up to 1<sup>st</sup> of June 2018.**

### 3.2 SECTION TABLES / Tables for average speed sections

Section tables to be used for: 30 / 40 / 50 km/h

Maximum length of sections: 8,1 km

We wish you a pleasant journey and look forward to seeing you!
