

Supplementary rule no.3

Dear participant of the FIZZERS-Karawanken-Classic,

We have had heavy thunderstorms and rains the last days. For that reason we have been able to convince the mayor of Pörtlach that a meadow (Wahliss-Wiese) is not the perfect place for a drivers paddock. It has been agreed within the last hours that we can use a graveled area, see map below.

Driving to start of stages as follows:

Exit drivers paddock left  >> Wahliss-Straße >> Elisabethstraße >> >> barrier parking area Parkhotel >> STOP >> **Reset to „0“**; Continue to Roadbook 

We hope that you agree to this short time solution. Have a nice trip.

With best regards
