

Classic news of the 1. C.A.R.-Teams Ferlach

Edition December 2017

The prologue will finish at a new destination

The prologue of the FIZZERS-Karawanken-Classic on Thursday, 31st of May 2018, is voluntary and has no influence on the final evaluation. But it offers a good opportunity to proof the cooperation within the team and with the vehicle.

As an organizer we try to guide the participants over scenic and new roads to interesting destinations for the final evening of the prologue.

In this regard Carinthia can offer a lot besides the lake „Wörthersee“, the „Karawanken“ mountains and beautiful castles and palaces. This is well known in the meantime. Therefore, more than 90% of the participants take part in the voluntary prologue, which also includes some short timing tests. Of course there is also an evaluation for the ranking of the prologue with awards for the winners!

As a sample the prologue of the FIZZERS-Karawanken-Classic 2017 led to the highest observation tower in the world, which was completely built in a wooden construction. The pilots got a fabulous view of the Wörthersee and the nearby mountains of the Karawanken. In 2018 we are looking for a new location with local touch. Shortly you can get more details on our homepage

Innovations at the „Rolling Museum“

Right from the start of the first Karawanken Classic it has been our aim to bring together interested old-timer fans and the pilots of the beautiful vehicles. Therefore we present the participants of the FIZZERS-Karawanken-Classic and their cars to the public at selected locations; there will be about 20 such places in 2018.

The interest in the more than 100-year old history of the automobile is enormous. In 2017 we have been able to present a Daimler DH1, built in 1886 (with replica engine).

The „Rolling Museum“ attracted many old-timer fans who do not own a vintage car who asked for the possibility to take part in a Classic competition to experience the atmosphere of such a vintage car rally.

To meet this request we introduce a new „Guest class for cars built after 1997“ (KC-G) in 2018. We hope to get new friends for vintage cars and the classic sport. 😊

A relaxing evening at Lake Wörthersee

„Silence and relaxation, enjoyment and well-being“ – these are the keywords for a romantic summer holiday at the hotel castle Leonstain am Wörthersee in Carinthia.

And on Friday, 1st of June 2018, after the finish of the first day, we will gladly pass on these values to the participants of the FIZZERS-Karawanken-Classic. The first day of driving should end in one of the

most beautiful places on Lake Wörthersee – relaxing in the castle Leonstain with exquisite cuisine, chilling out and romance with live music.

You should not miss this evening!

The „FIZZERS“ is co-organizer of some high-quality classic car series in 2018

As a FIVA-B event, the FIZZERS-Karawanken-Classic is obliged to meet the international standards for classic car events. But that's not the only reason why this classic event in the south of Austria is also asked as a co-organizer for other high-quality classic car series.

The Austrian Motor Veteran Association annually organizes the Austrian Championships in Classic Sport. Die FIZZERS-Karawanken-Classic is one of the main events of this championship.

Founding the Alpe-Adria-Classic-Challenge (AACC), the 3 organizing clubs from Italy, Slovenia and Austria have succeeded in creating a classic car series, in which more and more organizers want to participate. In 2018, this series includes 6 events in 4 different countries and is growing in popularity. See more on www.aa-cc.eu

The Carinthian Classic Cup (KCC) is open to Carinthians and to all Oldy lenthusiasts. 6 events in Carinthia and Italy take part in this Classic series. See more on www.cartteam-ferlach.at

Participants of the AACC or KCC will get reductions for the entry fee at all events (not cumulative)

In 2018 the motorsport magazine Rally & more organizes the 6th edition of the Rally & more Classic Trophy. It is the aim of this series is to evaluate the best all-rounders of the classic scene.

Eight selected events will set new accents in the classic car community and classic scene. New in 2018: a junior trophy for pilots and navigators with a maximum age of 25 years.

Curious about the FIZZERS-Karawanken-Classic?

International flair at the FIZZERS-Karawanken-Classic

Internationality is one of the characteristics of the international FIZZERS-Karawanken-Classic - Teams from Germany, Italy, Croatia, Lichtenstein, Macedonia, Poland, Switzerland, Slovenia, Czechia, Hungary and of course from all over Austria demonstrated in 2017 that a common hobby results in international friendships.

One of the reasons for the keen interest of foreign pilots in the FIZZERS-Karawanken-Classic is, among others, that this classic car event belongs to several series of high-quality international series, such as the Alpe-Adria-Classic-Challenge (AACC) of the countries Italy, Croatia, Slovenia and Austria. For the coming Christmas holidays we wish you a relaxed planning of your vintage car tours for the year 2018. - Perhaps the FIZZERS-Karawanken-Classic, 31st of May-2nd of June 2018 is also included into your planning?

Frohe Weihnachten und ein gutes neues Jahr
Merry Christmas and a happy new year
Buon Natale e un felice anno nuovo
Vesel bozic in srecno novo leto

... to all friends of vintage cars from the management of the FIZZERS-Karawanken-Classic!
