11. KARAWANKEN CLASSIC

NEWS

Karawanken-Classic-NEWS of the 1. C.A.R.-Teams Ferlach

Edition February 2018

Highlights of gastronomy

Three days - and three evening events are prepared for the participants of the FIZZERS-Karawanken-Classic in selected locations. Time for relaxation as well as time for a chat are offered after a day on the road.

A plentiful buffet / dinner is waiting for the participants at the FIZZERS-Karawanken-Classic 2018 in each location of the three evening events.

This program will start with the voluntary prologue on Thursday, 31st of May which is not part of the competition. Leading from Pörtlach to Ludmannsdorf the pilots will cruise through the lovely Rosental / „rose valley“. Talks with like-minded people and new friendships with other participants are waiting in the „most beautiful garden of the year“ during the „welcome evening“.

The first day of the competition on Friday, 1st of June, will guide you in a large-bow from the Wörthersee back to Pörtlach am Wörthersee.

In between enjoying coffee and cake you can have a look over the Carinthian mountains and other beautiful views. At

the end of the day you will be spoiled with an exquisite buffet in the romantic castle Leonstain in Pörtlach am Wörthersee. Let yourself be surprised by the gourmet kitchen of the castle.

The second competition day of the FIZZERS-Karawan-

ken-Classic will lead you into a Carinthia which is not often visited - we have been there some years ago.

One of the highlights of this day will be the „City Grand Prix“ in the gunsmith town of Ferlach. The competition will end with a cheerful welcome at finish line in Poertschach. A gala dinner and the award giving ceremony are waiting for you afterwards.

The evening atmosphere in the Parkhotel, located directly ashore of the Wörthersee, is an experience you should not miss!

Approximately 20 communities are looking forward to welcome the „rolling museum“ and its participants.

YOU should be part of it!

The entry closing date end of March!

Great interest for „special classes“

It is getting around slowly - too slowly in our opinion - that the FIZZERS-Karawanken-Classic offers the possibility to participate in a high-quality classic event with a prewar vehicle at unique conditions. Within this event a special class is the only one offering such unique conditions in AUSTRIA:

„KARAWANKEN-CLASSIC-FREE-DRIVING“

But participants of the FIZZERS-Karawanken-Classic will also take part in other attractive special evaluations which we have presented in our last NEWS-FLASH. For example for rookies, journalists, teams, ladies and last not least for „guests“; see below.

Karawanken-Classic-Free-Driving for automobiles built before 31.12.1945

But let's go back to the „free-drivers“ for which we have received quite some questions from interested owners.- We are of the opinion that owners of prewar cars up to 1945 deserve recognition for their efforts to preserve the cultural heritage of „vintage cars“.

For the second time we were able to welcome the roadsters of the Mazda MX-5 Trophy as guests of the FIZZERS-Karawanken-Classic in cooperation with Mazda AUSTRIA. in 2017. 16 teams took part last year starting from Poertschach am Woerthersee.

For us this was the occasion to create a new „guest class“ in 2018. Quite a number of classic car enthusiasts do not owe a vintage car yet but are con-

For that reason special conditions apply for participants of the special class „Karawanken Classic Free Driving“:

- The pilots of this special class are evaluated separately.
- Only vehicles built before 31.12.1945 will be admitted.
- Control points or special tests to be visited can be selected by the teams by themselves. In which order is also left to the participants.

Entry closing date ends in March!

Karawanken-Classic-Free-Driving ... YOU decide where to go

- Also the route to the selected destinations and the time schedule can be selected by the participants themselves.

- But the opening times of the checkpoints and special tests have to be considered.

Reduction of entry fee approx 30 % für FD-piloten
calculated from the regular entry fee of 590,- EUR !

- For each checkpoint / special test which has been visited the teams will get points. The addition of this points with points from the special tests results in the final classification for the „KC-Free-Driving“

- And as a small „thank you“ for your engagement for classic cars large discount on the entry fee will be awarded.
- Of course selected beautiful trophies, in addition all teams who have arrived will get commemorative medals in glass, individual manufactured.

The „Karawanken bears“ made of fine glass are an eye-catcher for everyone!

sidering to buy one. Or they just want to get a taste of the atmosphere of a vintage car rally.

The „guest class“ of the FIZZERS-Karawanken-Classic was created for such interested drivers.

And the idea is well accepted! We already got numerous entries for this special class.

We still hope that more interested freaks will use this unique opportunity to take part in the FIZZERS-Karawanken-Classic „inside the rally“.
